

Peter Dean

Peter was born in Cheshire UK and played football at school and has always been a keen supporter of Manchester United. He joined the Air Cadets and participated in many sports including canoeing, orienteering and abseiling. He then took on an apprenticeship at Shell UK and he was chosen in his fourth year to represent Cheshire in a Commonwealth Exchange along with 22 others from the United Kingdom.

During his career he travelled extensively throughout the United Kingdom working for a construction company. Peter migrated to Australia with his wife and daughter in 1989, and settled in the hills of Melbourne and lived in Victoria for 31 years.

Peter has two grandchildren and two great grandchildren. He continued to play squash in Australia and took up Indoor Cricket and Racquet Ball.

Upon retirement Peter moved to Queensland with his wife and settled in a beautiful house on the golf course near Noosa. He then started to play badminton and was recently introduced to Walking Football where he started playing mid field and moved on to playing in goal, which he preferred.

In October 2023 he played in the Masters Games in Adelaide and also in 2023 represented Australia in the Over 70s team playing in the IWFF Winter Nations Cup in Cardiff, Wales.

Peter finds Walking Football very satisfying both mentally and physically. He has made many new friends in Australia and around the world playing the game.

He has travelled extensively around the world with favourite places such as South Africa and Spain and hopes to continue his travels playing Walking Football.
